

Submitter:

Tracy Rowlands

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Voting by mail is wonderful because it is inclusive for every demographic. It's hard for working parents to find the time, hire babysitters, just to stand in line for hours when we can do it from our kitchen tables. Rolling this back would mean less poor people able to vote, less elderly able to vote, less disabled able to vote, and all voices should be heard in our great state.
