As a parent of a virtual charter school student, I believe every child deserves equal access to education funding, no matter what type of public school they attend. HB 2583 ensures students like mine get the resources they need to thrive — just like their peers in traditional public schools. My child chose virtual charter school because it best fits their learning needs, but they're unfairly excluded from crucial Student Success Act funding. HB 2583 fixes this by providing equal access to resources while ensuring funds stay in Oregon's community-run schools.

HB 2583 is about fairness — ensuring all students have equal access to Student Investment Account funds, no matter where they learn.

It's time to support all students. Let's make education fair for all Oregon students.

Respectfully,
