Oregon's current voting system is one of the best in the country. We receive paper ballots by mail, and can vote by simply dropping our signed ballots in a mailbox anytime through election day. No waiting in lines. No having our "papers" checked. No needing to take time off from work. No needing to figure out where to go and how to get there. Our current system makes it easy for voters to vote and to have their opinions counted --- that encourages participation, and that is what a democracy needs! Our current system is simple, efficient, and secure.

The changes proposed by SB-210 serve only one purpose: to make it harder for Oregonians to vote. Any other claims are bullshit, pure and simple.
