Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I e been voting by mail in Oregon for over 25 years. I have confidence the system is working as intended. In fact one year my ballot was mailed back because I had for gotten to sign it. The address was hand written by the person in charge at the time. It arrived with plenty of time for me to mail back.

It's not broken so way fix it!?
