

Submitter:

Michael Parker

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As someone that authored a statement in the 1998 Voters Manual backing the change to vote by mail, I vehemently oppose any change to require in person voting in the state of Oregon. This bill as well as the president's executive order are wrongheaded attempts to restrict voting. I also believe the executive order is totally unconstitutional and will be overturned.

Please prevent this bill from reaching the floor!
