

Submitter: Casey newman

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Voting by mail is an extremely fair, equitable, and reliable way to vote. There is no reason at all to repeal it. Voting by mail has enabled me to be a more informed voter, taking my time to read and learn about candidates and issues and fill out my ballot over the course of several days. There is no evidence supporting any reason to eliminate this voting method.
