

Submitter: Quinton Wright

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Voting by mail is fundamental to the democratic process for Oregon voters. Voting by mail is effective and demonstrably secure and viable. Measure SB 210 is a duplicitous and craven attempt to disenfranchise the electorate while facilitating the efforts of those in government with fascistic machinations. SB 210 must not come to pass and all efforts must be made to safe guard our ability to vote and participate freely in our democracy.

Thank you.
