Until there is required time off mandated by law to require all employers to give employees time off to vote in person, PAID time off, this is the most insane thing I've ever heard.

Our mail in voting system works beautifully, it allows for more informed voting, lets voters think about their decisions, and vote on THEIR time.

Not to mention plenty of people who may have trouble making it to voting locations or otherwise have issues standing and waiting for hours on end just to vote.

The only reason I can see to introduce a bill like this is to DISCOURAGE voter participation in elections. And that is a despicable and shameful thing.
