SB210

I oppose this measure. Eliminating mail-in will disenfranchise hundreds of thousands of voters. We need more people voting, not fewer. If the concern is illegal voting, then address the authentication problem, and not the voting mechanism. Banks have been authenticating transactions online for three decades, no reason voting cannot. If you want to make in-person voting law, then make voting day a paid-for voting holiday so that people don't have to choose between their jobs and their vote.
