

Submitter:

Pam Drake

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Having lived in Ohio and Wisconsin, coming to Oregon was a blessing. The spirit of upholding all people. The adherence to the law. We believe in the protection of nature and of our people. We believe in the protection of our laws. We have seen in action the beauty of mail-in voting. Don't steal this from us. We are already losing this war against a man who would be king. Don't take this away from us. We need to fight those who 'know what's good for us'. We need to stand together and be heard. We need to take back our country ... and keep Oregon moving forward, not backwards.
