Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

This proposal is absurd and partisan.

Vote by mail is safe, convenient, and has a demonstrated track record in Oregon.

I will not spend my time except to say that we can look at the data (something like 38 convictions for voting fraud in 60.9 million ballots collected over a 19 year period) to see that this is a non-problem.

Vote NO.
