

Submitter: Mary Jean Allen

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On
Natural Resources

Measure, Appointment or Topic: HB5009

As I understand it measures for maximizing the health of our forest ecosystem-- especially making sure we do not lose or endanger species--that have been made in the last few years are now in danger of being lost if this proposition fails. Don't drop the ball now. Keep the door open for further advances.
