

Submitter:

Kristen Miller

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

We are very fortunate to have vote by mail in Oregon and it would be a huge loss to voters here. I value having the time to read carefully and consider the way I want to vote for particular people and issues/measures. Voting by mail makes voting more convenient and easy for all especially those who might have difficulty making it to a polling location. Please preserve mail in voting.
