SB210

I oppose this measure. Oregon's vote by mail is both the most equal, and most informed voting method available to these 50 states. An in person voting method both requires transportation not available to everyone and removes the ability to sit and think with your decisions. There's no replacement for the voter's ability to sit with all the available information in an election at their fingertips and make an informed decision that vote-by-mail provides. Any action to remove this is blatantly undemocratic voter suppression, aimed at creating an easily manipulated and uninformed voter-base.
