Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I oppose this measure. Mail voting has been the standard in Oregon for my entire adult life. This system has allowed flexibility, ease of voting amidst an often onerously busy schedule, and has enabled me to do detailed research to cast a carefully measured vote. I would be unable to recall enough details without all of the materials at hand \*while\* I was completing the ballots. I understand that for a great number of people, mailing in ballots is a necessity, and for a great number more is a huge help. I would understand and support some due diligence on the part of the State, County, or City to ensure ensure that voters are legitimate. However, I do not believe that Mail-in-voting presents any significant risk if certain controls are in place to register only valid voters. For these reasons, I reiterate my opposition to this measure.
