Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This is a ridiculous bill to propose after decades of successful voting by mail in Oregon. I am very concerned about the state of voting rights in the nation and especially surprised and disappointed to see this even being floated in Oregon. I STRONGLY OPPOSE revoking vote by mail in Oregon.

I am a working mother whose PTO is already limited due to kids illness and taking out of daycare. Voting by mail is one way to support working mothers and working class families.
