

Mail-in voting in Oregon was tested by the Oregon Legislature in 1981; made permanent in 1987; and has operated smoothly and trouble free for generations now. Voting by mail empowers more individuals to participate in their democratic right to vote. I urge opposition to SB 210 and encourage examination of the real motive being presented. Any politically-motivated attempt to restrict voter access is the very reason to soundly defeat SB 210. I urge you to soundly defeat SB 210.
