On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I am against this proposoal. Oregon has had a succesful mail in voteting system that has made voting available for those with accessability issues - both disabled, elderly, and working adults that do not have the luxery to take off work to participate in in-person voting. Should this move forward it is a step backward and a blow to those who believe in this country and believe in ensuring voting is accessible to it's citizens.
