

Submitter: Skye Decker

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On
Natural Resources

Measure, Appointment or Topic: HB5009

Howdy! Please support HB 5009 with full funding for \$20M. It will provide BIG protections toward all our wildlife stream and stream-adjacent residents such as fish, amphibians and other wildlife. Cold clean water protection is so important to keep Oregon green and healthy. Thank you for your consideration. - Skye
