

Submitter: Ryan Puckett
On Behalf Of:
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB210
Re: SB-210

Oregon's vote by mail process has been a resounding success. Until recently even conservatives here touted it as secure and as a model for how voting should be done.

There has been no evidence of fraud. The proponents of this bill seek only to make voting more difficult and thereby undermine democracy. I am vehemently opposed to this bill.
