

Submitter: Wayne Walter

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Removing mail-in voting would significantly limit access to the democratic process, particularly for vulnerable populations like elderly, disabled, and low-income individuals. Not all hard working Americans may not be able to take time off work or travel to polling stations. Mail-in voting ensures a more inclusive, accessible, and fair voting system, allowing every eligible voter to participate regardless of personal constraints. Eliminating this option would undermine the principle of equal participation in democracy.
