

Submitter: Tracey Lam

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I firmly oppose SB 210, which would eliminate mail-in voting for Oregonians and make in-person voting the standard. Voting by mail is convenient for voters, it costs less than administering in-person voting, and increases participation rates. It allows those with physical access needs to better participate. Oregon has had the vote-by-mail system for decades and it works. Please do not take it away.
