

Submitter:

Deb Postlewait

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon's has led the way with mail-in voting in the U.S. since 1995. It works well for the citizens of our state and is a national success model. There is no need to change it except for national political gain by a select few individuals. We, Oregonians, do not want or need to waste time or money on something that is not broken:
