On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I'm a full time Oregon resident, born and raised here and spent almost my whole adult life in Oregon. I vote every election, without fail.

I STRONGLY oppose this bill, which is antithetical to everything that Oregon stands for. The only reason for it is to bow down to the ruling party in Washington DC, and show fealty to an unelected dictator. It is designed to deny access to those with the least power and influence in our country.

If an elected representative or senator votes for this bill, I will spend all my extra time and money to defeat you in the next election. Count on it.
