Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I vigorously oppose any change to mail in voting. It allows time to study the issues n one's own home and make a more educated decision it also makes it possible to vote in in between elections when I might otherwise not vote. Whoever came up with the idea to stop mail in ballots is not in touch with those of us who vote. A big NO to stopping mail in ballots. KEEP MAIL IN VOTING THE NORM IN OREGON. We the voters want it. It is secure convenient and beneficial.
