

Submitter: Steve Rose

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail has used in Oregon for multiple years. It allows voters to sit at their kitchen table with the voters guide (provided by the State of Oregon) and take a good look at the information provided on each issue.

It allows individuals who either don't drive or own a vehicle or have a medical condition that makes in person voting impossible to still have their voice/vote heard.
