

Submitter: Han Beck

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

To Whom It May Concern,

As someone who grew up in a deeply Red state with ONLY in-person voting, I highly opposed this bill to make voting in-person only. I have never felt more included in voting for Oregon than by mail ballots. Mail ballots allow me time to research and look over the candidates that I am voting for, and submit in a timely manner. I do not have to take time off work or miss classes in order to attend, I can complete it from the convenience of my home.

Do not take this ability away, as it takes away the voices of those who cannot vote on the allotted work days.

Thank you
Han
