Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I oppose SB210. I had to prove citizenship to get a drivers license. That was reasonable and I have/had no objection to it. The voter rolls are drawn from this. I was only born once, and in the United States, It's absurd I have to remind lawmakers of this. I already provided Oregon with proof of that. How can it possibly change? I shouldn't have to provide proof of my last name if it's different from the birth certificate. And, in fact, that was also proven to DMV so I could get and/or update my drivers license. Forcing me to take time off work and stand in lines to prove it again is harassment. Forcing me to take time off work and stand in long lines to vote is also harassment. I won't feel safe. Conservative people tend to be violent. I shouldn't be exposed to that. I, at least, can take time off work to do these things. There are many who can't afford it or might lose their jobs because of it. The only possible reason for this is to try to disenfranchise women, disabled, poor and rural people. Allowing an enraged toddler to dictate policy is asinine. Who lets their children rule the household? Bad parents do. Yet here we are letting an enraged toddler rule our country. This has to stop. Mail in voting is safe and reliable. There's no reason to change it, despite all the nonsense conservatives make up in order to enable the enraged toddler.
