

Submitter:

Bonnie Birch

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As a senior citizen, this action would make it significantly more difficult for me and my husband to exercise our rights to vote. Since living in Oregon, we have really appreciated the ability to vote easily. We have always participated in elections and would never not vote, but this bill is simply to make it more difficult for normal people to vote. It has nothing to do with the security of our elections.
