

Submitter: Ian Tornay

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I am a proud fifth-generation Oregonian and Portland resident.

There are many things about being an Oregonian that spring from the natural beauty of our state - things of which we can be proud of but not take credit for.

And there are, again, many things that we as Oregonians have chosen. Things that we can be proud of and take credit for as the result of our determination, foresight, and collaboration.

Our commitment to the enfranchisement of voters and facilitation of having the voices of Oregonians heard is one such point of pride.

The proposal before the committee is a naked effort to make heard the voices of fewer voters. The intention behind this effort are moot in the face of how backward and useless this effort is.

I am firmly against this measure.
