

Submitter:

Debbie Streets

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Please do not let this pass. There are many people who are not able to vote in person or who feel uncomfortable voting in person. Please have mercy and allow us to keep voting by mail. If this passes, there will be many people who will not be able to vote causing their voices to not be heard which is unconstitutional. Again I plead, please keep vote by mail and do not let this pass.
