

Submitter: Tia McLean

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

As a working mom mail in voting is the only way I am able to participate in our voting democracy. It eliminates barriers and provides citizens in our great state of Oregon to weigh in accessibly.

As a teacher I can't leave my classroom to vote.

I want to be able to teach my students that their voices matter.

Mail in ballots protect my right as a working mom and my students rights as future voters.
