SB210

I strongly oppose this measure. We cannot let racist republicans take away this exceptional method of voting. It is a system that works well. Voter fraud is a hoax drummed up by ignorant politicians who wish to use fear to pass their racist agendas. Oregon must stand up and fight against this. We must say NO to those who wish to harm our valid voting system and push back against agendas that are only meant to suppress the vote. Republicans only win if they cheat. We must keep our current system and not let them cheat any longer. SAY NO TO THIS MEASURE.
