

Submitter:

Lori Simpson

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I support SB210, I want in-person voting on the day of an election the standard method for conducting an election. And I believe we should require electors to present valid government-issued identification when appearing in person to vote. We need to make a big change and go back to what makes sense so we can have trust in our voting system again.

Sincerely,

Lori L. Simpson
