Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I absolutely oppose end of mail-in voting! Mail-in voting gives me access to cast my ballot where I otherwise may not have the opportunity due to work schedule or being away from my voting precinct for whatever reasons. I want my voice and vote always counted in my state, county, and city regardless of my physical capabilities to stand in unnecessary and long lines. Additionally, there is an actual cost of taking time off work to vote. I don't want to have to pay by loss of income just to do my civic duty to the state and nation!
