Re: SB210

Why change something that works ? Oregon has used the mail in ballot voting system for many years. It has given more folks the opportunity to vote and support our democracy. It is convenient for working parents, students, handicapped folks, elderly and folks that live in remote areas as in Eastern Oregon. I strongly oppose SB210 that does no good for Oregonians, rather it feels like it is just to appease the new administration that is headed for autocracy - steering this country away from democracy. This is another way to try and control citizens for the gain of very few. Thank you for considering my views.
