SB210

This bill would undermine democracy by reducing voting rates. It's outrageous! Vote by Mail has made Oregon a leading state for voter turnout since the 1990s. It saves the state thousands of dollars every year. The reason Republicans are turning to voter suppression tactics like this is because they struggle to win in honest elections, so instead they are trying to rig the ballot by preventing citizens from voting. Totally unacceptable. Shame on you Mr. Smith for sponsoring this.
