

Submitter:

Jauna Williams

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Our Democracy is under attack at a Federal level, and I'm disappointed to see that attempts are being made here in Oregon. Our vote-by-mail system is outstanding and an example of how voting should be done in the rest of our country. Voting should be easy! State Senator Smith's legislative page says he is working for us, but changing our successful voting system will make voting more difficult for Oregonians. SB210 hurts working parents, our elders, and people with disabilities, and is a way to silence the people. Oregon legislators must not pass this bill.
