OPPOSITION TO SB-210 In-Person Voting

Oregon's vote by mail system contributes to one of the highest-in-the-nation rates of voter turnout. It supports Oregonians' right and ability to vote by reducing the multitude of barriers created by in-person voting (to name a few of the most obvious: the need for time off work, for transportation, for childcare, a body that can wait in long lines...). It is a safe and secure way to vote.

I respectfully ask the legislature to **OPPPOSE** this change to Oregon's voting.

Sincerely,

Cheryl A. Stryker
