

Submitter: Joann Taylor

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail is my preferred method of voting due to the fact that I can make careful considered choices since I have time to research and digest the relevant materials. Also important is that it ensures that every eligible voter can securely vote, regardless of job or family commitments, their accessibility and mobility issues, or transportation requirements. It is a shining example of how Oregon has led the way in making voting a more inclusive activity that stimulates more engagement. Vote by Mail is one of the best policies in the state of Oregon.
