SB210

Members of the rules committee,

I submit my testimony in emphatic opposition to SB 210. This is a dumb bill designed to make it harder for all registered voters to vote. Oregon has won awards as a state for our system that empowers people to vote. We typically have amongst the highest turnout of any state in the country.

It really feels like this bill is just another attempt at doing billionaire BS. I guess if you know that your positions are deeply unpopular and that you have horrible policies you'd be inclined to have fewer people vote.

Please do your jobs and oppose this nonsense. We have real issues that need to be addressed.

Sincerely, Trevor Phillips, MD
