

Submitter:

Richard Soo

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As a person on dialysis I am opposed. My life is riddled with doctor and clinic appointments. I try to schedule as many tele-appointments as I can. A measure like this does a great disservice to a large part of the Oregon population. It's also hypocritical that Donald Trump is on record as a Mail-In Voter and yet he calls for that to be a privilege only he should be afforded. I guess voting in person cuts too much of his golf day off.
