SB210

Voting by mail is safe and has been proven to be a secure method of voting in Oregon for as long as I can remember. The idea that this is necessary is completely absurd, political garbage, and the definition of legal voter suppression. Voting by mail makes voting in our most rural areas way more accessible and decreases the financial burden of polling stations from our election budgets. DO NOT make in-person voting on the date of an election the standard method for conducting an election. Voting by mail WORKS and Oregon has proven that to the nation.
