I want to emphasize the importance of my ability to vote by mail. Having a guaranteed ballot sent to my home empowers me to participate in our democracy. Voting at a secondary location can be challenging for those who have difficulty leaving their homes, which is unconstitutional. The USPS is a reliable and essential method for voting, ensuring that more people can cast their ballots and have their voices heard. Fraud has been minimized. Ballot boxes and mail-in ballots are superior, and more states should adopt this practice.
