SB210

Mail-in-voting is not only common sense, it has been credible and safe for decades. This bill is the latest in voter suppression. In a country with the worst voter turnout of any developed nation, removing mail in voting from a state with some of the highest voter turnout is not only a step in the wrong direction, it is an embarrassing affront to our democratic process.

Preserve mail in voting for Oregonians with common sense, do not bow down to the conspiracy theorists who do not trust our electoral process.
