

Submitter: Ianthe Mugglestone

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Mail in voting is the most expedient way to encourage the maximum number of eligible voters to participate in civil elections. Without mail-in voting, we will run the risk of becoming more easily subject to the capricious whims of the fascist regime currently in control of the federal government that believes that all people who are not cis White males with money are not eligible for civil rights, or have any sort of say in the society we all live in.
