I 100% oppose this proposal, why would you mess with something that is not broken?? 75% average voter turn out is amazing and it is thanks to the fact that we can vote by mail. As a healthcare worker, it's already hard enough for me to take care of my own appointments. If I could not vote my mail I would have to take time off from work unpaid or use my PTO to go vote, what guarantee is there that I would be able to vote in my county? Look at the Southern States over 1,200 polling stations have been closed. This is a continued attack by the traitorous Republican party! Please do not support this proposal!
