

Vote NO on SB 210, the bill to end mail-in voting!

I am a senior citizen, I vote conscientiously in each election, and vote-by-mail is extremely important to me for multiple reasons. First, in-person voting would pose a physical hardship for me. Second, I appreciate being able to take time with my ballot so that I can make thoughtful choices. Third, being able to mail in my ballot means that I am not tied to a specific time and place, which is helpful in my personal schedule. I strongly urge you to soundly defeat this measure and save vote-by-mail. It's the gold standard, and it ain't broke, so don't "fix" it. Thank you!
