SB210

I oppose SB210. I represent a varied group of hardworking Oregon Residents whose job takes them into the field making it impossible or extremely difficult to vote in person. We are hard-working citizens whose jobs often go un-thanked but have huge impacts on our communities. Our voices deserve to be counted too. I work in conservation and have dedicated my life to the betterment of public lands in the name of the average United States citizen who deserves the chance to enjoy those spaces safely. My voice should count, even if I'm in the middle of the Willamette National Forest fixing trail on the one day the election happens. Why should my voice, and the voice of people like me mean less? It shouldn't, and right now, it doesn't. Right now, I have the option to mail my vote in and make sure my contribution to this democracy, this country is counted. Stop these propositions to suppress voters. It is 2025 not 1885. the world is changed, you can either keep up with it or be left behind for revolution to find you.
