

Submitter:

Debra Cox

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This attempt to make voting more difficult especially for:

Rural

Disabled

Elderly

And folks with poor health

Is 1. A threat to our democratic process

2. Heartless disregard for those disadvantaged

3. Has NO legitimate claim for fraud in our state history of mail in ballots since inception in 1998.

Sincerely,

Debra Cox
